

Job Description

Job title	Senior Lecturer – Advanced Clinical Practice and Acute Adult Healthcare
School / department	College of Nursing, Midwifery and Health Care
Grade	7
Line manager	Associate Dean Berkshire
Responsible for (direct reports)	MSc Advanced Clinical Practice
Date of creation or review	24/06/2025

Main purpose of the job

To be responsible for leading the delivery of a range of continuing professional development of post-registration education offered by the College of Nursing, Midwifery and Healthcare.

This role would be part of the team that delivers our MSc Advanced Clinical Practice but would also be involved in the development, management and delivery of modules relating to the adult that is acutely or critically ill focusing on clinical skills including history taking/physical examination/clinical reasoning and independent and supplementary prescribing.

As a member of the academic team, the post holder will assist in the development of the professional, academic, research and scholarly profile of nursing and college of nursing, midwifery and healthcare.

Key areas of responsibility

This role would be part of the team that delivers our MSc Advanced Clinical Practice but would also be involved in the development, management and delivery of modules relating to the adult that is acutely or critically ill focusing on advanced clinical skills including history taking/physical examination/clinical reasoning and prescribing.

Develop high quality of teaching and learning materials to support the delivery of the modules and courses

Deliver innovative teaching, learning and assessment strategies that enhance the student learning experience.

Working closely with the senior management and course teams, the post holder will provide support to students undertaking modules and courses within the College of Nursing Midwifery and Healthcare and to students/mentors in clinical environments.

As a member of the academic team, the post holder will assist in the development of the professional, academic, research and scholarly profile of healthcare disciplines in CNMH.

Support engagement with healthcare providers across Berkshire, Central, North-West and West London partner Trusts and other stakeholders, in the support of students undertaking Advanced Clinical Practice, acute and critical care modules.

Take responsibility for ensuring one's own academic and professional development within the field of nursing and health care is maintained

Carry out all necessary administrative responsibilities and participate fully in quality assurance processes within the University

As a member of the academic team, you will assist in the development of the professional, academic, research and scholarly profile within CNMH.

In addition to the above areas of responsibility the post-holder maybe required to undertake any other reasonable duties relating to the broad scope of the position, commensurate with the post, and in support of the University.

Disclosure and Barring Scheme Is a DBS Check required: ☒ **DBS** This post requires an enhanced DBS check ☐
 Before making a selection, please refer to the University's [Disclosure and Barring Checks Guidance for Staff](#) and [Criminal Convictions, Disclosures and Barring Staff Policy and Procedure](#). If a DBS check is required for the role, a **Check Approval Form** will need to be completed.

¹Essential Criteria are those, without which, a candidate would not be able to do the job. Applicants who have not clearly demonstrated in their application that they possess the essential requirements will normally be rejected at the shortlisting stage.

Desirable Criteria are those that would be useful for the post holder to possess and will be considered when more than one applicant meets the essential requirements, to determine which applicants to shortlist.

²Demonstration: Select the Recruitment Process stage at which the candidates will have to demonstrate that they meet the criteria. Criteria which have to be demonstrated at application stage should be mentioned in the Recruitment Information Pack as Pre-Selection/Killer Questions, Shortlisting Questions or Shortlisting Criteria. Other criteria should be evaluated and tested at interview stage (e.g. through interview questions) or through additional tests, exercises or presentations. Criteria can (and should) be demonstrated at multiple stages.
